
**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549**

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended October 2, 2016

Or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____
Commission File Number 1-1000

Sparton Corporation
(Exact name of registrant as specified in its charter)

Ohio
(State or other jurisdiction of
incorporation or organization)
425 N. Martingale Road, Suite 1000,
Schaumburg, Illinois
(Address of principal executive offices)

38-1054690
(I.R.S. Employer
Identification No.)
60173-2213
(Zip code)

(847) 762-5800
(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of November 4, 2016, there were 9,818,730 shares of common stock, \$1.25 par value per share, outstanding.

SPARTON CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
(Dollars in thousands, except per share data)

(1) Business and Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Certain reclassifications of prior year amounts have been made to conform to the current year presentation. Subsequent events have been evaluated through the date these financial statements were issued. Additionally, the consolidated financial statements should be read in conjunction with Item 2, Management’s Discussion and Analysis of Financial Condition and Results of Operations, included in this Quarterly Report on Form 10-Q. Operating results for the quarter ended October 2, 2016 are not necessarily indicative of the results that may be expected for the year ending July 2, 2017. The consolidated balance sheet at July 3, 2016 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended July 3, 2016.

The Company reports fiscal years on a 52-53 week year (5-4-4 basis) ending on the Sunday closest to June 30.

On April 27, 2016, Sparton announced that its Board of Directors had authorized a process to identify parties interested in acquiring the Company. This process is ongoing and there can be no assurance that this process will result in a consummation of any transaction. The Company cannot currently determine if the process will ultimately conclude in a sale of all or some of its assets. As such, no adjustments have been made to the Company’s carrying value of its assets or liabilities as a result of the contemplated sale.

(2) Inventories and Cost of Contracts in Progress, net

The following are the major classifications of inventory, net of interim billings:

	October 2, 2016	July 3, 2016
Raw materials	\$ 41,876	\$ 40,914
Work in process	22,459	23,626
Finished goods	17,198	22,294
Total inventory and cost of contracts in progress, gross	81,533	86,834
Inventory to which the U.S. government has title due to interim billings	(13,762)	(8,963)
Total inventory and cost of contracts in progress, net	<u>\$ 67,771</u>	<u>\$ 77,871</u>

(3) Property, Plant and Equipment, net

Property, plant and equipment, net consists of the following:

	October 2, 2016	July 3, 2016
Land and land improvements	\$ 1,429	\$ 1,429
Buildings and building improvements	27,660	27,660
Machinery and equipment	43,477	43,134
Construction in progress	2,116	1,372
Total property, plant and equipment	74,682	73,595
Less accumulated depreciation	(41,743)	(40,275)
Total property, plant and equipment, net	<u>\$ 32,939</u>	<u>\$ 33,320</u>

(4) Other Intangible Assets

The components of other intangible assets, net consist of the following:

	Net Carrying Value at July 3, 2016	Additions	Amortization	Net Carrying Value at October 2, 2016
Non-compete agreements	\$ 2,193	\$ —	\$ (221)	\$ 1,972
Customer relationships	32,625	—	(1,894)	30,731
Trademarks/Tradenames	1,382	—	(40)	1,342
Unpatented technology	733	—	(64)	669
Other intangible assets, net	<u>\$ 36,933</u>	<u>\$ —</u>	<u>\$ (2,219)</u>	<u>\$ 34,714</u>

(5) Debt

On September 11, 2014, the Company entered into a revolving line-of-credit facility with a group of banks (the “Credit Facility”). The Company amended the Credit Facility on April 13, 2015 and again on June 27, 2016. As of the June 27, 2016 amendment, the Credit Agreement permits the Company to borrow up to \$175,000, and the Company has the right to request an increase of the facility in an amount of up to \$50,000. The facility is secured by substantially all assets of the Company and its subsidiaries and expires on September 11, 2019. As of October 2, 2016, the Company had \$77,702 available under the facility, which included letters of credit of \$887 and capital leases of \$636. All borrowings under the Facility are classified as long-term.

Outstanding borrowings under the Credit Facility will bear interest, at the Company’s option, at either LIBOR, fixed for interest periods of one, two, three or six month periods, plus 1.00% to 3.00%, or at the bank’s base rate, as defined, plus 0.00% to 2.00%, based upon the Company’s Total Funded Debt/EBITDA Ratio, as defined. The Company is also required to pay commitment fees on unused portions of the Credit Facility ranging from 0.20% to 0.50%, based on the Company’s Total Funded Debt/EBITDA Ratio, as defined. The Credit Facility includes representations, covenants and events of default that are customary for financing transactions of this nature. The effective interest rate on outstanding borrowings under the Credit Facility was 3.29% at October 2, 2016. As a condition of the Credit Facility, the Company is subject to certain customary covenants, with which it was in compliance at October 2, 2016.

(6) Income Taxes

The Company’s effective income tax rate for interim periods was determined based on the Company’s estimated annual effective tax rate for the applicable year using the federal statutory income tax rate, permanent tax differences, foreign income taxes and state income taxes. The Company’s estimated annual effective tax rate was determined to be 35.0% for both the first quarter of fiscal years 2017 and 2016.

(7) Defined Benefit Pension Plan

The Company has a frozen defined benefit pension plan. The Company recorded net periodic pension expense of \$13 for the first quarter of fiscal year 2017 and net periodic pension income of \$38 for the first quarter of fiscal year 2016. No contributions were made to the pension plan during the first quarter of fiscal years 2017 and 2016.

(8) Commitments and Contingencies

From time to time, the Company is involved in various legal proceedings relating to claims arising in the ordinary course of business. The Company is not currently a party to any such legal proceedings, the adverse outcome of which, individually or in the aggregate, is expected to have a material adverse effect on the Company’s financial condition or results of operations. Additionally, the Company believes it has sufficient insurance coverage to effectively mitigate any litigation exposure.

The Company is a party to an environmental remediation matter in Albuquerque, New Mexico. As of October 2, 2016 and July 3, 2016, Sparton had accrued \$6,339 and \$6,701, respectively, as its estimate of the remaining minimum future discounted financial liability regarding this matter, of which \$492 and \$584, respectively, was classified as a current liability and included on the balance sheets in other accrued expenses. As of October 2, 2016 and July 3, 2016, the Company had accrued \$1,379 and \$1,606, respectively, in long-term assets in relation to expected reimbursements from the Department of Energy, which are included in other non-current assets on the balance sheets and are considered collectible.

On October 3, 2016, the Company established the Sparton Corporation Standby Financial Assurance Trust and issued a standby letter of credit in the amount of \$3,114 related to the Coors Road environmental remediation liability. The trust was

established to meet the United States Environmental Protection Agency’s financial assurance requirements. As a result of the goodwill write-off of \$64,174 in the prior fiscal year, the Company was not in compliance with these requirements. The release of such funds would only occur should the Company not meet its financial remediation requirements. The trust will remain in place until the Company is in compliance with the financial requirements. Upon successful compliance with the financial requirements, the trust will be dissolved and the letter of credit canceled. See the Company’s Annual Report on Form 10-K for the fiscal year ended July 3, 2016 for further information.

The Company is subject to audits by certain federal government agencies, including the Defense Contract Audit Agency and the Defense Contract Management Agency. The agencies audit and evaluate government contracts and government contractors’ administrative processes and systems. These agencies review the Company’s performance on contracts, pricing practices, cost structure, financial capability and compliance with applicable laws, regulations and standards. They also review the adequacy of the Company’s internal control systems and policies, including the Company’s purchasing, accounting, estimating, compensation and management information processes and systems. The Company works closely with these agencies to ensure compliance. From time to time, the Company is notified of claims related to noncompliance arising from the audits performed by agencies. Such claims have historically been subject to actions of remediation and/or financial claims that are typically subject to negotiated settlements. The Company believes that it has appropriate reserves established for outstanding issues and is not aware of any other issues of noncompliance that would have a material effect on the Company’s financial position or results of operations.

(9) Stock-Based Compensation

The Company has a long-term incentive plan to offer incentive and non-qualified stock options, stock appreciation rights, restricted stock or restricted stock units, performance awards and other stock-based awards, including grants of shares under the Sparton Corporation 2010 Long-Term Incentive Plan (the “2010 Plan”).

The following table shows stock-based compensation expense (credit) by type of share-based award included in the consolidated statements of income:

	For the First Quarter of Fiscal Years	
	2017	2016
Fair value expense of stock option awards	\$ 48	\$ 122
Restricted stock units	279	218
Restricted stock	(18)	92
Total stock-based compensation expense	<u>\$ 309</u>	<u>\$ 432</u>

No stock options were granted during the first quarter of fiscal year 2017. During the first quarter of fiscal year 2016, the Company awarded an aggregate of 127,260 stock options to certain members of management with an average exercise price of \$22.98.

The following is a summary of activity for the first quarter of fiscal year 2017 related to the 2010 Plan:

	Stock Options	Restricted stock units	Restricted shares
Outstanding at July 3, 2016	115,415	79,274	52,651
Granted	—	79,889	—
Forfeited	(10,073)	(6,029)	(26,739)
Outstanding at October 2, 2016	<u>105,342</u>	<u>153,134</u>	<u>25,912</u>

As of October 2, 2016, 33,473 stock options were exercisable.

(10) Earnings Per Share Data

The following table sets forth the computation of basic and diluted net income per share:

	For the First Quarter of Fiscal Years	
	2017	2016
Numerator:		
Net income	\$ 108	\$ 2,394
Less net income allocated to contingently issuable participating securities	—	(25)
Net income available to common shareholders	\$ 108	\$ 2,369
Weighted average shares outstanding – Basic		
	9,792,818	9,780,274
Dilutive effect of stock options		
	—	—
Weighted average shares outstanding – Diluted	9,792,818	9,780,274
Net income available to common shareholders per share:		
Basic	\$ 0.01	\$ 0.24
Diluted	\$ 0.01	\$ 0.24

The number of shares excluded from the calculation of diluted net income per share because the shares were either contingently issuable or their inclusion would be anti-dilutive was 284,388 and 493,050 for the first quarter of fiscal years 2017 and 2016, respectively.

(11) Business Segments

The Company has identified two reportable segments; Manufacturing & Design Services ("MDS") and Engineered Components & Products ("ECP"). The Company uses an internal management reporting system, which provides important financial data to evaluate performance and allocate the Company's resources on a segment basis. The Company's Chief Operating Decision Maker assesses segment performance and allocates resources to each segment individually.

Operating results and certain other financial information about the Company's two reportable segments for the first quarter of fiscal years 2017 and 2016 were as follows:

	For the First Quarter of Fiscal Year 2017				
	MDS	ECP	Unallocated	Eliminations	Total
Net sales	\$ 65,002	\$ 37,592	\$ —	\$ (2,227)	\$ 100,367
Gross profit	7,294	9,991	—	—	17,285
Selling and administrative expenses (incl. depreciation)	5,976	3,824	3,583	—	13,383
Internal research and development expenses	—	351	—	—	351
Depreciation and amortization	2,676	606	437	—	3,719
Operating income	(514)	5,429	(3,583)	—	1,332
Capital expenditures	206	335	578	—	1,119
Total assets at October 2, 2016	\$ 161,230	\$ 64,490	\$ 9,090	\$ —	\$ 234,810
	For the First Quarter of Fiscal Year 2016				
	MDS	ECP	Unallocated	Eliminations	Total
Net sales	\$ 73,957	\$ 38,089	\$ —	\$ (5,355)	\$ 106,691
Gross profit	10,296	10,842	—	—	21,138
Selling and administrative expenses (incl. depreciation)	5,881	3,597	4,146	—	13,624
Internal research and development expenses	—	513	—	—	513
Depreciation and amortization	2,815	664	216	—	3,695
Operating income	2,341	6,303	(4,146)	—	4,498
Capital expenditures	1,006	45	429	—	1,480
Total assets at July 3, 2016	\$ 167,277	\$ 69,627	\$ 9,094	\$ —	\$ 245,998

(12) New Accounting Standards

In May 2014, the FASB issued Accounting Standards Update No. 2014-09 ("ASU 2014-09"), *Revenue from Contracts with Customers*, which amends guidance for revenue recognition. Under the new standard, revenue will be recognized when control of the promised goods or services is transferred to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods and services. The standard creates a five-step model that will generally require companies to use more judgment and make more estimates than under current guidance when considering the terms of contracts along with all relevant facts and circumstances. These include the identification of customer contracts and separating performance obligations, the determination of transaction price that potentially includes an estimate of variable consideration, allocating the transaction price to each separate performance obligation, and recognizing revenue in line with the pattern of transfer. In August 2015, the FASB issued an amendment to defer the effective date for all entities by one year. The new standard will become effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early adoption is permitted as of annual reporting periods beginning after December 15, 2016. Companies have the option of using either a full or modified retrospective approach in applying this standard. During fiscal 2016, the FASB issued three additional updates which further clarify the guidance provided in ASU 2014-09. The Company is currently in the process of evaluating the impact of adoption on its consolidated financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-11 ("ASU 2015-11"), *Simplifying the Measurement of Inventory*. ASU 2015-11 clarifies that inventory should be held at the lower of cost or net realizable value. Net realizable value is defined as the estimated selling price, less the estimated costs to complete, dispose and transport such inventory. ASU 2015-11 will be effective for fiscal years and interim periods beginning after December 15, 2016. ASU 2015-11 is required to be applied prospectively and early adoption is permitted. The Company is currently in the process of evaluating the impact of adoption on its consolidated financial statements.

In February 2016, the FASB issued Accounting Standards Update No. 2016-02 ("ASU 2016-02"), *Leases (Topic 842)*. ASU 2016-02 establishes a right-of-use (ROU) model that requires a lessee to record a ROU asset and a lease liability on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. A modified retrospective transition approach is required for capital leases and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company is currently in the process of evaluating the impact of adoption on its consolidated financial statements.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09 ("ASU 2016-09"), *Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting*. ASU 2016-09 will directly impact the tax administration of equity plans. ASU 2016-09 is effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. Early adoption is permitted and any adjustments should be reflected as of the beginning of the fiscal year that includes that interim period. The Company has elected to early adopt ASU 2016-09 as of July 4, 2016 on a prospective basis. There was no impact on the Company's financial statements as a result of early adoption in the first quarter of fiscal year 2017.

In June 2016, the FASB issued Accounting Standards Update No. 2016-13 ("ASU 2016-13"), *Financial Instruments—Credit Losses (Topic 326)*. ASU 2016-13 requires the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. ASU 2016-13 is effective for fiscal years beginning after December 15, 2019 and early adoption is permitted. The Company is currently in the process of evaluating the impact of adoption on its consolidated financial statements.

In August 2016, the FASB issued Accounting Standards Update No. 2016-15 ("ASU 2016-15"), *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. ASU 2016-15 will make eight targeted changes to how cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2017. The new standard will require adoption on a retrospective basis unless it is impracticable to apply, in which case it would be required to apply the amendments prospectively as of the earliest date practicable. The Company is currently in the process of evaluating the impact of adoption on its consolidated financial statements.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following is management’s discussion and analysis of certain significant events affecting Sparton Corporation’s (the “Company” or “Sparton”) results of operations and financial condition during the periods included in the accompanying financial statements. Additional information regarding the Company can be accessed via Sparton’s website at www.sparton.com. Information provided at the website includes, among other items, the Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Quarterly Earnings Releases, News Releases and the Code of Business Conduct and Ethics, as well as various corporate charters and documents.

Consolidated Results of Operations

Presented below is comparative data and discussions regarding our consolidated results of operations for the first quarter of fiscal year 2017 compared to the first quarter of fiscal year 2016. Results of operations for any period less than one year are not necessarily indicative of results of operations that may be expected for a full year. The following discussion should be read in conjunction with the Unaudited Consolidated Financial Statements and Notes thereto included in Item 1 of this Quarterly Report on Form 10-Q.

For the First Quarter of Fiscal Year 2017 compared to the First Quarter of Fiscal Year 2016

The following table presents selected consolidated statements of income data (dollars in thousands):

CONSOLIDATED

	For the First Quarter of Fiscal Years			
	2017	% of Sales	2016	% of Sales
Net sales	\$ 100,367	100.0%	\$ 106,691	100.0%
Cost of goods sold	83,082	82.8	85,553	80.2
Gross profit	17,285	17.2	21,138	19.8
Selling and administrative expenses	13,383	13.3	13,624	12.8
Internal research and development expenses	351	0.3	513	0.5
Amortization of intangible assets	2,219	2.2	2,503	2.3
Operating income	1,332	1.4	4,498	4.2
Other expense, net	(1,165)	(1.2)	(815)	(0.8)
Income before income taxes	167	0.2	3,683	3.4
Income taxes	59	0.1	1,289	1.2
Net income	\$ 108	0.1%	\$ 2,394	2.2%

The decrease in sales is a result of fluctuations in customer demand, customer attrition and customer delays in the MDS segment. In the ECP segment, net sales were consistent with the first quarter of fiscal year 2016 reflecting increased foreign sonobuoy sales as offset by reduced engineering and domestic sonobuoy sales to the U.S. Navy.

Gross margin was negatively impacted in the first quarter of fiscal year 2017 as compared to the first quarter last year primarily due to higher material content in the MDS segment as a result of shifts in product mix and unabsorbed fixed overhead costs due to new program launch activity in the ECP segment. The selling and administrative expenses were flat when compared to prior year reflecting higher healthcare costs as offset by cost containment initiatives.

The Company’s effective income tax rate for interim periods was determined based on the Company’s estimated annual effective tax rate for the applicable year using the federal statutory income tax rate, permanent tax differences, foreign income taxes and state income taxes. The Company’s estimated effective tax rate for the first quarter of fiscal years 2017 and 2016 was determined to be 35.0%.

Due to the factors described above, the Company reported net income of \$0.1 million (\$0.01 earnings per share, basic and diluted) for the first quarter of fiscal year 2017, compared to net income of \$2.4 million (\$0.24 earnings per share, basic and diluted) for the first quarter of fiscal year 2016.

Segment Information

The Company has two reportable segments - Manufacturing and Design Services (“MDS”) and Engineered Components and Products (“ECP”).

Manufacturing and Design Services Segment

Manufacturing and Design Services segment operations are comprised of contract design, manufacturing and aftermarket repair and refurbishment of sophisticated printed circuit card assemblies, sub-assemblies, full product assemblies and cable/wire harnesses for customers seeking to bring their intellectual property to market. Additionally, Sparton is a developer of embedded software and software quality assurance services in connection with medical devices and diagnostic equipment. Customers include OEM and ET customers serving the Medical & Biotechnology, Military & Aerospace and Industrial & Commercial markets. In engineering and manufacturing for its customers, this segment adheres to very strict military and aerospace specifications, Food and Drug Administration guidelines and approvals, in addition to product and process certifications.

Engineered Components and Products Segment

Engineered Components and Products segment operations are comprised of design, development and production of proprietary products for both domestic and foreign defense as well as commercial needs. Sparton designs and manufactures ASW devices known as sonobuoys for the U.S. Navy and foreign governments that meet Department of State licensing requirements. This segment also performs an engineering development function for the United States military and prime defense contractors for advanced technologies, ultimately leading to future defense products, as well as replacements for existing products. The sonobuoy product line is built to stringent military specifications. These products are restricted by International Tariff and Arms Regulations and qualified by the U.S. Navy, which limits opportunities for competition. This segment is also a provider of rugged flat panel display systems for military panel PC workstations, air traffic control and industrial and commercial marine applications, as well as high performance industrial grade computer systems and peripherals. Rugged displays are manufactured for prime contractors, in some cases to specific military grade specifications. Additionally, this segment internally develops and markets commercial products for underwater acoustics and microelectromechanical (“MEMS”)-based inertial measurement.

MDS

The following table presents selected segment data (dollars in thousands):

	For the First Quarter of Fiscal Years				
	2017	% of Sales	2016	% of Sales	\$ Chg
Sales	\$ 62,802	96.6 %	\$ 68,728	92.9%	\$ (5,926)
Intercompany	2,200	3.4	5,229	7.1	(3,029)
Total net sales	65,002	100.0	73,957	100.0	(8,955)
Gross profit	7,294	11.2	10,296	13.9	(3,002)
Selling and administrative expenses	5,976	9.2	5,881	7.9	95
Amortization of intangible assets	1,832	2.8	2,074	2.8	(242)
Operating income (loss)	\$ (514)	(0.8)%	\$ 2,341	3.2%	\$ (2,855)

The decrease in sales was due to fluctuations in customer demand, customer attrition as well as customer delays. MDS backlog was \$125.3 million at October 2, 2016 compared to \$156.6 million at September 27, 2015. Commercial orders, in general, may be rescheduled or canceled without significant penalty, and, as a result, may not be a meaningful measure of future sales. A majority of the October 2, 2016 MDS backlog is currently expected to be realized in the next 12 months.

The decrease in gross margin percentage on MDS sales is primarily due to higher material content as a result of shifts in product mix as well as the effect of unabsorbed fixed overhead costs due to lower sales volume and new program launch activity. The increase in selling and administrative expense is due to an increase in corporate allocated costs.

ECP

The following table presents selected segment data (dollars in thousands):

	For the First Quarter of Fiscal Years				
	2017	% of Sales	2016	% of Sales	\$ Chg
Sales	\$ 37,565	99.9%	\$ 37,963	99.7%	\$ (398)
Intercompany	27	0.1	126	0.3	(99)
Total net sales	37,592	100.0	38,089	100.0	(497)
Gross profit	9,991	26.6	10,842	28.4	(851)
Selling and administrative expenses	3,824	10.2	3,597	9.4	227
Internal research and development expenses	351	1.0	513	1.4	(162)
Amortization of intangible assets	387	1.0	429	1.1	(42)
Operating income	\$ 5,429	14.4%	\$ 6,303	16.5%	\$ (874)

ECP sales were consistent with the first quarter of the prior year. The segment had an increase of \$4.3 million in foreign sonobuoy sales as offset by a \$3.8 million decrease in engineering sales and a \$0.7 million decrease in domestic sonobuoys both to the U.S. Navy. Total sales to the U.S. Navy in the first quarter of fiscal years 2017 and 2016 were \$20.0 million and \$24.5 million, respectively. For the first quarter of fiscal years 2017 and 2016, sales to the U.S. Navy accounted for 20% and 23%, respectively, of consolidated Company net sales and 53% and 64%, respectively, of ECP segment net sales. ECP backlog was \$118.8 million at October 2, 2016 compared to \$120.2 million at September 27, 2015. A majority of the October 2, 2016 ECP backlog is currently expected to be realized in the next 18 months.

Gross margin on ECP sales was negatively impacted in the current year quarter due to unabsorbed fixed overhead costs as a result of new program launch activity, partially offset by favorable product mix. The increase in selling and administrative expense is due to an increase in corporate allocated costs.

Internal research and development expenses reflect costs incurred for the internal development of technologies for use in undersea warfare, navigation, hand held targeting applications as well as rugged computer and display devices. These costs include salaries and related expenses, contract labor and consulting costs, materials and the cost of certain research and development specific equipment.

Eliminations and Corporate Unallocated

The following table presents selected data (dollars in thousands):

	For the First Quarter of Fiscal Years		
	2017	2016	\$ Chg
Intercompany sales elimination	\$ (2,227)	\$ (5,355)	\$ 3,128
Selling and administrative expenses unallocated	3,583	4,146	(563)

Total corporate selling and administrative expenses before allocation to operating segments were \$7.3 million and \$7.3 million for the first quarter of fiscal year 2017 and fiscal year 2016, respectively, or 7.3% and 6.9% of consolidated sales, respectively. Of these costs, \$3.7 million and \$3.2 million, respectively, were allocated to segment operations in each of these periods.

Liquidity and Capital Resources

As of October 2, 2016, the Company had \$77.7 million available under its \$175.0 million credit facility, reflecting borrowings under the facility of \$95.8 million, letters of credit of \$0.9 million and capital leases of \$0.6 million.

As a condition of the Credit Facility, the Company is subject to certain customary covenants, with which it was in compliance at October 2, 2016.

The Company currently expects to meet its liquidity needs through a combination of sources including, but not limited to, operations and its revolving line-of-credit. With the above sources providing the expected cash flows, the Company currently believes that it will have sufficient liquidity for its anticipated needs over the next 12 months, but no assurances regarding liquidity can be made.

CASH FLOWS	For the First Quarter of Fiscal Years	
	2017	2016
Operating activities, excluding net changes in working capital	\$ 4,279	\$ 6,305
Net changes in working capital	(1,067)	(1,872)
Operating activities	3,212	4,433
Investing activity	(1,119)	(1,480)
Financing activities	(1,507)	(15,680)

Net changes in working capital related cash flows in the first quarter of fiscal year 2017 primarily reflect decreased accounts payable and accrued expenses and increased accounts receivable, partially offset by decreased inventories. Working capital related cash flows in the first quarter of fiscal year 2016 primarily reflect increased inventories, decreased accounts payable and accrued expenses as well as the funding of production related to U.S. Navy contracts, partially offset by collections of accounts receivable.

Net cash flows from investing activity for the first quarter of fiscal year 2017 and 2016 reflect net capital expenditures of \$1.1 million and \$1.5 million, respectively.

Net cash used in financing activities in the first quarter of fiscal year 2017 reflects \$1.4 million of net payments under the Company's Credit Facility as compared to \$15.7 million in net payments for the first quarter of fiscal year 2016.

Commitments and Contingencies

See Note 8, Commitments and Contingencies, of the "Notes to Unaudited Consolidated Financial Statements" in this Quarterly Report on Form 10-Q for a discussion of the Company's commitments and contingencies.

Contractual Obligations

Information regarding the Company's long-term debt obligations, environmental liability payments, operating lease payments and other commitments is provided in Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," of the Company's Annual Report on Form 10-K for fiscal year ended July 3, 2016. As of July 3, 2016, there were \$49.0 million of non-cancelable purchase orders outstanding, \$97.2 million of debt, \$9.8 million of operating lease payments and a liability related to performance based billings was eliminated. As of October 2, 2016, compared to July 3, 2016, the non-cancelable purchase orders outstanding decreased to \$42.4 million, debt decreased to \$95.8 million, operating lease payments, net of subleases, decreased to \$8.6 million and the liability related to performance based billings increased to \$0.3 million. During the third quarter of fiscal year 2016, the Company entered into sublease agreements totaling \$1.0 million related to its Lawrenceville, GA manufacturing facility and its Irvine, CA design center, the largest of which extends through May of 2018. Other than as noted above, there have been no material changes in the nature or amount of the Company's contractual obligations since fiscal year end 2016.

Off-Balance Sheet Arrangements

The Company has standby letters of credit outstanding of \$0.9 million at October 2, 2016, principally to support insurance arrangements. Other than these standby letters of credit and the operating lease commitments referenced above, we have no off-balance sheet arrangements that would have a current or future material effect on our financial condition, changes in financial condition, revenue, expense, results of operations, liquidity, capital expenditures or capital resources.

Critical Accounting Policies

Our financial statements are prepared in conformity with GAAP and require us to select appropriate accounting policies. The assumptions and judgments we use in applying our accounting policies have a significant impact on our reported amounts of assets, liabilities, revenue and expenses. While we believe that the assumptions and judgments used in our estimates are reasonable, actual results may differ from these estimates under different assumptions or conditions.

We have identified the most critical accounting policies upon which our financial status depends. The critical policies were determined by considering accounting policies that involve the most complex or subjective decisions or assessments. We also have other policies considered key accounting policies; however, these policies do not meet the definition of critical accounting policies because they do not generally require us to make estimates or judgments that are complex or subjective. Our critical accounting policies include the following:

Revenue recognition
Goodwill and other intangible assets
Percentage-of-completion accounting
Environmental contingencies
Income taxes
Commercial inventory valuation
Stock-based compensation

There have been no significant changes to our critical accounting policies that are described in Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section of our Annual Report on Form 10-K for the fiscal year ended July 3, 2016.

New Accounting Pronouncements

See Note 12, New Accounting Standards, of the “Notes to Unaudited Consolidated Financial Statements” in this Quarterly Report on Form 10-Q for a discussion of new accounting pronouncements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

The Company manufactures its products in the United States, Canada and Vietnam. Sales of the Company’s products are in the U.S. and foreign markets. The Company is subject to foreign currency exchange rate risk relating to intercompany activity and balances and to receipts from customers and payments to suppliers in foreign currencies. Adjustments related to the remeasurement of the Company’s Canadian and Vietnamese financial statements into U.S. dollars are included in current earnings. As a result, the Company’s financial results could be affected by factors such as changes in foreign currency exchange rates or economic conditions in the domestic and foreign markets in which the Company operates. However, minimal third party receivables and payables are denominated in foreign currencies and the related market risk exposure is considered to be immaterial.

The Company’s revolving credit line, when drawn upon, is subject to future interest rate fluctuations which could potentially have a negative impact on cash flows of the Company. The Company had \$95.8 million outstanding under its Credit Facility at October 2, 2016. A prospective increase of 100 basis points in the interest rate applicable to the Company’s outstanding borrowings under its Credit Facility would result in an increase of \$1.0 million in our annual interest expense. The Company is not party to any currency exchange or interest rate protection agreements as of October 2, 2016.

Item 4. Controls and Procedures.

Our Interim Chief Executive Officer and our Chief Financial Officer each has evaluated the effectiveness of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this quarterly report. Based on such evaluation, such officers have concluded that, as of the end of the period covered by this quarterly report, our disclosure controls and procedures are effective.

There have been no changes in our internal controls over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the first quarter of fiscal year 2017 ended October 2, 2016, that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

See Note 8, Commitments and Contingencies, of the “Notes to Unaudited Consolidated Financial Statements” in this Quarterly Report on Form 10-Q for a discussion of legal proceedings and other commitments and contingencies.

Item 1A. Risk Factors.

You should carefully consider the risks and uncertainties described in Part I, Item 1A., "Risk Factors," in our Annual Report on Form 10-K for the year ended July 3, 2016 and the other information in our subsequent filings with the SEC, including this Quarterly Report on Form 10-Q. Our business, financial condition, results of operations and stock price could be materially and adversely affected by any of these risks. The risks described in our Annual Report on Form 10-K are not the only ones we face. Additional risks and uncertainties that are currently unknown to us or that we currently consider to be immaterial may also impair our business or adversely affect our financial condition, results of operations and stock price.

Item 6. Exhibits.

Exhibit Number	Description

CERTIFICATION UNDER SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Joseph J. Hartnett, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Sparton Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Sparton Corporation (the “Company”) on Form 10-Q for the period ended March 27, 2016, as filed with the Securities and Exchange Commission on the date hereof (the “Periodic Report”), we, Joseph J. Hartnett, Interim President and Chief Executive Officer of the Company, and Joseph G. McCormack, Senior Vice President and Chief Financial Officer of the Company, certify, pursuant to 18 U.S.C. § 1350, as adopted pursuant to § 906 of the Sarbanes-Oxley Act of 2002, that:

- 1 The Periodic Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- 2 The information contained in the Periodic Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
