

We eliminate the challenges,
you capture the market.

Manufacturing Space: 120,000 sq. ft.

Industry Focus: Military & Aerospace
Industrial & Commercial

Overview:

Brooksville, FL operations are uniquely qualified for handling projects for military & aerospace and industrial OEM's. From prototyping through sustaining production, this location features the most advanced processing technology coupled with extensive test capabilities. Site is AS9100 and ISO 9001 certified.

Key Capabilities:

- SMT, through hole, flex and mixed circuit card assembly
- Electromechanical sub-assembly and full assembly
- Prototyping for faster lead times
- Custom test solutions
- Conformal coating
- Cable and harness
- Automated optical inspection and x-ray

Design & Engineering Services Capabilities:

- DFM & DFX
- PCB design
- Configuration management: Valor & Agile
- Obsolescence management

Certifications:

- ISO 9001
- AS 9100
- ITAR compliant
- J-STD-001
- Space Addendum

Application Experience:

- Missile threat detection
- Flight data recorder
- Weapons system tracking
- Aircraft engine controls
- Electronic controllers
- Secure communications
- Power monitoring
- Traffic safety
- Circuit breaker shunt trips
- Underwater acoustic

Technological Expertise:

- Mechanical motion
- RF communication
- Robotic handling systems
- Thermally controlled systems
- Lasers & optics
